Dear Parents (and Participants),

We hope you can join us this fall for the Junior Pointers Development League! Many passionate basketball players in greater central Wisconsin will gather at UWSP for this program. I hope your son will be able to take advantage of this unique and exciting experience. Learning and growing the great game of basketball is our primary goal; however, many lessons about attitude and success will be taught and stressed. Traveling to a central location on a college campus and competing against players from throughout our region is the foundation of this program. You will find our college players to be outstanding young men and exceptional role models. They truly embrace this opportunity to connect with young aspiring players and give back to the game they love. Due to the popularity of this program and the high retention of players from year-to-year, please reserve your spot early. Our staff and players look forward to working with you this fall!

Sincerely,
Bob Semling
Head Coach
